

KAWARTHA LAKE STEWARDS ASSOCIATION

SPRING MEETING

Bobcaygeon Community Centre (Arena)

51 Mansfield Drive, Bobcaygeon K0M 1A0

Saturday, May 7, 2016 - 10:00 am to noon

“Diversity Defines Us”

Come join KLSA for their spring annual meeting. The organization will provide an update on [phosphorus](#) and [E. coli](#) testing in the Kawartha Lakes and various projects underway. The KLSA [2015 Annual Water Quality Report - Protecting the Natural Beauty Around Us](#) and other information will be available.

PRESENTATIONS

***Starry Stonewort:
The Invasion of Lake Scugog:
History, Status and Update***

Dr. Ron Porter Chair, Science and Monitoring Scugog Lake Stewards will talk about the invasive nature of the alga Starry Stonewort and describe the five year plan being developed by the Lake Scugog Science and Monitoring Committee. <http://scugoglakestewards.com/>

What does it mean? The Land Between!

Ms. Leora Berman will discuss the unique ecosystem found within the Kawartha Region and why area is so valued and cherished.
